#### Special Invitee

1. Sh. Harsh Kapoor, AR (IAD/R&C)

Dr. Pooja Satyogi, Liaison Officer (SC) could not attend the meeting due to prior commitments and Dr. Sunita Tyagi, AR (Coordination), Member Secretary, could not attend the meeting due to Medical Emergency.

The terms of reference of the Committee were:

- a) To finalize the roster of Research Programmes for next admission cycle.
  - b) To clarify the status of NCT/ONCT seats for Research Programmes.
2. At the outset, Prof. Geetha welcomed the members of Committee and briefed the members about the difficulty faced by the AUD in earmarking seats for reserved category students for admission in research programmes i.e M.Phil/Ph.D. It was brought to the notice of members that most schools offer a limited number of seats, depending upon the supervisory capacity and a cap imposed as per AC resolution of a maximum of 10. Also, at times there is non availability of students from reserved category especially OBC Delhi, due to which seats are not filled leading to a situation wherein inadequate representation occurs and uneven distribution of seats.

The members were also apprised of the Decision of the Academic Council meeting held on 13.07.2018 where in the legal opinion sought by the University on Reservation in Admissions was noted where in it was opined that "there has been several judgments/guidelines laid down by various High Courts as well as the Supreme Court which can be taken into consideration to formulate a policy by the AUD with regard to distribution of limited number of seats available under the various research programmes and admit students under each reserved category. We suggest that the method of effecting reservations as set out in Dr. Anusar Gupta vs All India Institute of Medical Sciences & Othrs (LPA No 458

and 506/2013 and CM Nos 9986 and 10970/2013, decided on 11.09.2013 be followed by Ambedkar University.”

**Recommendations:**

1. It was unanimously opined that AUD is committed to reservation and bound to give reservation as per the policy of Govt. of India/Govt. of Delhi. It was recommended that 200-point roster be followed while allocating seats in Research Programmes. Every year, each school will intimate the number of seats being offered in MPhil/PhD programmes to SCR, after which seats will be reserved on the basis of total offering. Alphabetical rotation will be followed for reservation of seats school wise. The roster for every year will be prepared and maintained by Student Services Division under the oversight of Equal opportunity Office as mandated in pursuance to Notification No AUD/VCO/2019/EOO/1596 dated 18.09.2019. However, for the Academic Session 2020-21, this Committee would finalise the roster for the session 2020-21 after the details of seats offered is provided by the schools.
2. It was also recommended that the persons with disability will be given preference in admission as per 100 point roster. It was also agreed upon that separate cell for PWD be established under the existing equal opportunity office with a view to ensure implementation of the reservation policy and to function as a grievances redressal cell for Persons with Disabilities.
3. The Committee held the view that the as per Delhi Professional Colleges and Institute Act 2007, Delhi means National Capital Territory of Delhi where as 'Delhi candidate means a candidate who has appeared or passed the qualifying examination from a recognized school or institution located in Delhi'. It was recommended that the same be adopted as below, subject to the same being adopted as part of admission policy for AUD as a whole.
  - (a) 85% seats are reserved for Delhi Region Candidates, i.e. those who have passed the qualifying examination from any Institute located in NCT of Delhi or from any College/Institute affiliated to any UGC recognized University in Delhi. The candidates who have passed the qualifying examination through Distance/Open Education system of any recognized University/ Institute and had his/her Study Centres in Delhi will be considered as Delhi Region Candidates but the responsibility to provide proof of his/her study centre in Delhi will be of the candidate only. The candidate must bring in writing the certificate issued by the concerned University imparting Distance/ Open Education stating clearly that the study centre of the candidate is/was in Delhi or Outside Delhi. The I-card or any other document will not be considered as proof of study centre.

(b) 15% seats are reserved for Outside Delhi Region Candidates, i.e. those who have passed the qualifying examination from any Institute located outside Delhi. Minutes of the First Meeting held by the Committee to examine the representations from Research Scholars/Students

The Committee met on 17 August 2020 at 2.30 PM in the Committee Room-2 of AUD

All the members (Dean-SDS, Proctor, Dean-SS and Registrar) were present. Mr. Upender AR (SS) assisted the committee.

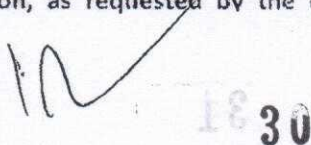

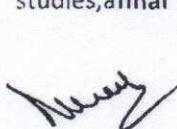

The committee discussed each of the cases at length, and the following decisions were arrived at:

1. Regarding the appeal from Mr. Nitin Mishra, whose PhD registration was de-enrolled, some months back, the committee found that the case can only be considered now as an exceptional case that too with approval of competent authority, as all the formalities regarding de-enrolment were over. Dean, SDS explained the context of the case and shared the copy of final recommendations of the RAC and supervisor, after the completion of the candidate's extended period of Ph D registration.

After due deliberations, the committee was of the opinion to recommend for consideration for giving some more time as requested by Mr. Nitin Mishra as an exceptional case without any precedent to be quoted in future and purely in general interest of scholar who has already spent a long time towards the research but could not complete within the time framework and entrusted Dr. Nitin Malik (Registrar, AUD) to talk to the Supervisor of the candidate, Dr. Anirban Sengupta, and if it is agreeable to the Supervisor, the Committee can recommend to give a 6 months of final extension to complete his work. The student can be communicated that it is the last and final chance for him, and if he fails to complete all the required works and submission of the Ph D thesis within this time, the university will not entertain this matter further. The recommendations of the committee if approved by Competent authority, an undertaking from Mr Nitin Mishra may also be obtained for the above clearly also stating that no further extension of time period will be sought by him.

2. In the case of Mr. Karan Sachdeva, Dean, SDS explained the context and shared the copy of final recommendations of the RAC and supervisor. While explaining, Dean-SDS informed the committee that the candidate had been given adequate consideration and support from the school and the university, at various stages. For instance, the university has been considerate in constituting special committee to help him to prepare a feasible research proposal; the candidate was allowed to change from old research guidelines to new research guidelines and was allowed to complete course work at a later stage (both for enabling him to accept an ICSSR fellowship); he was given a null semester (6 months' relaxation) to compensate the time loss; and so on. Dean, SDS added that despite all the above, there had been tensions between the candidate and the faculty members of the school which eventually led to issuing of a letter of reprimand by PVC -II to the candidate and initiation of a proctorial enquiry against him. Relevant documents regarding these were also shared to the committee.

The committee noted the details as placed by Dean SDS and after detailed deliberations, the committee was of the opinion that the appeal from Mr Karan Sachdeva for non-completion of his research work by him within the specified time frame and in turn alleging the faculty and University as whole for the same is not at all appropriate. but in general interest and keeping the best interest of the Scholar who has spent long time for the research studies, a final extension, as requested by the candidate, can be recommended by the

committee as an exceptional case without any precedent to be quoted in future and in this case also Dr. Nitin Malik will talk to the concerned Supervisor (Dr. Partha Saha) and if it is agreeable to the Supervisor, the Committee can recommend to give a 6 months of final extension to complete his work and submit the PhD thesis. It may also be informed to the applicant that if this recommendation of extension is considered by competent authority then this will be the last and final chance for him, and if he fails to complete all the required works and submission of PhD thesis within this time, the university will not entertain this matter further. An undertaking from Mr Karan Sachdeva may also be obtained for the above clearly stating that neither further extension of time period beyond 6 months for completion and submission of his PhD will be admissible nor any representation etc. will be made by him in this regard. In this undertaking, he also needs to agree further not to allege any faculty, school or University at large rather concentrate to complete his research and PhD within the extended time period if considered and approved by competent authority.

3. In the case of Mr. Ravinder, it was decided that the committee will meet the student in a direct meeting or on-line meeting (as per his choice) and if needed, the committee will also discuss with the concerned Dean to arrive at an appropriate decision. The committee felt that *prima facie* the student's email was written in a rude manner, and thus, it is important to give him a strong warning, at the time of the on-line/direct meeting.
4. The meeting ended with a consensus to do the necessary follow ups regarding point 1 to 3.
