

AUD/19-2/2023/Notification/ 145

Date: 22 Feb 2023

Notification**Sub: Enrolment of Students in the Academic Bank of Credits**

As part of the National Education Policy (NEP), the Ministry of Education has established the Academic Bank of Credits (ABC, <https://www.abc.gov.in/>). The purpose of this Bank is to have a national repository of academic credits earned by students over their period of education in order to facilitate the transfer of credits from institution to institution and to allow students to accumulate credits over a period and then to redeem them for certificates/degrees. Thus this Bank will play a pivotal role in actualising the flexible life-long learning trajectories envisaged by the NEP.

Our University has registered itself as an institution on the ABC and shall in the coming time record the credits earned by all its students on the ABC portal. Thus it is now required for every student of the University to have an ABC id which will be linked to their student profile in the University records.

ABC id's are specific to individuals and will be associated with them as they move from institution to institution. The ABC portal, linked above, allows any individual to create their own ABC id.

However, to facilitate the onboarding of the University's students to the ABC, the AES Division is launching a drive to create ABC ids for students in bulk using the data available with the University.

In the first phase, ABC ids for students whose full details are available on the University records will be created. The list of these students is enclosed below.

Students in this list are requested to please check their records, specially the AADHAR number, telephone number and date of birth on their ERP profiles. In case any student has any corrections/queries they are required to please communicate the same to Assistant Registrar, AES Division by February 27, 2023 (Monday) at araes@aud.ac.in.

In case no communication is received from the student by this time, the AES division will proceed with the creation of ABC id for them which will be communicated to them subsequently.

Students whose names are not on this list will be registered in the second phase after ascertaining the missing profile details from them. A notice in this regard will be issued separately.

To further make the student community aware about the purpose and function of ABC the AES Division is organising a webinar on February 27, 2023 (Monday) from 1 p.m. to 2 p.m. All students of the University are requested to join the webinar to better understand this new national facility. The link for the webinar is:
